Ask About Our Daily Specials

The success of IL FORNO restaurant began over 30 years ago in a small town in southern Italy. Our father, Luigi, had a passion for great Italian food in a home style atmosphere. When he came to the United States in 1968 he brought that passion with him and opened his first restaurant in Northern New Jersey. Our family has been in the Pizza and restaurant business for over 30 years. We have a unique taste and our pizza crust is our signature trademark. The Martinelli brothers would like to share our table with our loyal customers by bringing you some old world recipes.

Please feel free to bring your own wine to compliment your dinner.
