

We're not for everyone

If low price is more important than great taste, then Red River Pizza Company is not for you. The roasted garlic, fresh Italian sausage, and 100% pure olive oil we use costs more than the powders, mystery meats and grease the fast food places use.

But we like to think that parents who care, won't settle for the lowest price. They'll consider the value of fresh ingredients, the benefits of great taste, and the pleasure in giving their kids something satisfying.

We also know that kids may not care about such things as freshness and quality - but of course, that's what moms and dads are for.

Parents can feel good about serving their family Red River Pizza . Order a gourmet pizza for the adults and a traditional favorite for the kids.

Kids will love the taste, you'll love the quality and everyone's happy.

Business / Catering

Whether you're throwing a party, having a meeting or just saying thanks for a job well done - you'll always be a big hit with Red River Pizza Company - it's everyone's favorite. You can use a company check or credit card.

Frequently Asked Questions

Why is our dough so crispy and chewy?

Well, a lot of fast food pizza places claim “Dough made fresh daily.” So what? Great tasting dough requires time to develop a “complex” taste. Like beer or even good wine - time is needed so the yeast can ferment and impart “character” to the dough. It’s a symphony of delicate interaction between yeast and sugar that makes a great tasting crust.

And let’s not forget about the flour. You can get cheap flour all day long, but it will never make a great crust.

Here’s why. A very high protein content is absolutely required to back a great crust. Inferior flour doesn’t have the gluten needed to support the gas that causes the crust to rise during baking. Poor cell structure results in limp (often soggy) pizza crust.

We use high gluten “Spring Harvest” flour, and we age our dough (called proofing) so it can develop the wonderful complex flavor that makes it taste so fantastic.

What is Pesto?

Fresh Basil is pureed with Olive Oil, Pinenuts, Parmesan Cheese and Seasonings - It’s absolutely out of this world with flavor!

What size pizza should I get?

A medium pizza will usually feed two people. A large, three to four people.

How long does it take?

Usually Pick-up is around 25 minutes and Delivery is 30 to 40 minutes.

How much is delivery?

We have **FREE DELIVERY**. Many people are unaware that the big pizza chains now charge for delivery. *Limited Delivery Area \$8.00 Minimum*
