www.sammyperrellas.com

The family tradition that is *Sammy Perrella's* started with our grandparents, Sammy and Louise. They were Italian and enjoyed the classic country cooking that their parents brought with them from Capestrano, Italy. With a handful of recipes and a dream, they opened their first restaurant in Hibbing, Minnesota.

Family recipes that date back generations are still the same recipes we use today. The pizza is true to the original recipe that goes back further than anyone can remember ... way before the first Sammy's was opened in the early 1950s. It's amazing to recall how few people in northern Minnesota even knew what a pizza was. Since then, *Sammy's* has become the introduction for many generations and their families to authentic country Italian cooking.

For us, the recipes – just like our love for our customers – haven't and won't change. The thing that separates us is the approach that we take to Italian cooking. Just like the hospitality and love we have for each other, that same passion translates each day to thousands of people in everything we cook. Pizza, spaghetti, ravioli, meatballs, homemade soups and salad dressings are all made with the same care and attention that has made our family proud. And for that, our extended family today is grateful to carry on the tradition that our family started way back then.

Thank you for letting us share the family tradition of Sammy's with you.

## Award-Winning Sammy's Pizza

All of our pizzas are made from the original family recipe brought over from Capestrano, Italy. The same pizza our grandparents built their business around back in 1954. From our family tradition to yours, enjoy!
