PIZZA

Pizza available daily from 10:30am - 10pm

A lot of pizza places claim "dough made fresh daily" but that is not enough. When we make dough we allow time needed for the yeast & sugar to interact to make a great tasting crust. To achieve this great taste only quality flour is used because a very high protein content is absolutely required to bake a great crust. Why is our pizza sauce so good? For starters we use several textures of tomatoes & sauces. Then we "fold" the seasonings in which "blooms" the flavor throughout the sauce. This gives it an amazing taste & hearty texture you won't find with ordinary pizza sauces.
